Livestock Roadshow

Livestock Roadshow

Wednesday, September 20, 2023

12pm - 2pm CT

In Person - Great Plains Career Tech
4500 S.W. Lee Blvd, Lawton, OK 73505

About the Event

From beef to dairy to pork...being a livestock producer comes with inherently unique and difficult challenges, and you want to make sure you know what options are available to best protect your operation. Buying a livestock insurance policy is one risk management option. Producers should always carefully consider how a policy will work in conjunction with their other risk management strategies to insure the best possible outcomes.

To help livestock producers know what insurance resources are out there and answer any questions, RMA is hosting a series of workshops for producers to learn about updates and improvements to several livestock risk management products. The improvements and expansions are based on feedback from America's livestock producers.

Topics for RMA's Livestock Roadshow Sessions Includes:

- Annual Forage
- Dairy Revenue Protection
- Livestock Gross Margin
- Livestock Risk Protection
- Pasture, Rangeland and Forage
- Weaned Calf Risk Protection

Location

In Person - Great Plains Career Tech
4500 S.W. Lee Blvd, Lawton, OK 73505
